The Principal,
Barpeta Road Howly (B.H) College, Howly, Barpeta

Subject: Request to nominate two students from the subject Botany/Zoology for Hands-on Training Program on "Microbial Culture Techniques"

Respected Sir/Madam,

We are pleased to inform you that Institutional Biotech Hub, Bhattadev University, Bajali is going to organize a hands-on training program on “**Microbial Culture Techniques**”. This specialized training is designed to provide practical knowledge and skills in microbial culture, isolation, and identification, which are crucial for students pursuing careers in biological sciences.

The training program will be held on **19th & 20th September, 2024** at **Institutional Biotech Hub, Bhattadev University, Bajali** and we would like to extend an invitation to your esteemed institution to nominate **two undergraduate students** from the Department of Zoology/Botany to participate in this program.

This training will include theoretical sessions and practical hands-on laboratory exercises that aim to enhance students’ understanding of microbiological techniques and methodologies. The selected students will gain invaluable experience that will benefit them academically and professionally.

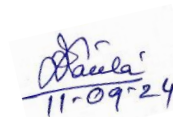

We kindly request you to nominate students based on their interest in the subject matter and academic performance. We would appreciate receiving the names of the nominated students by 16/09/2024.

Please find attached the detailed program schedule. For any queries, feel free to contact us at zoo.dipika@bhattadevuniversity.ac.in

We look forward to your response in this endeavour and hope to contribute positively to the professional development of your students.

Thanking you,

With regards,

Dr. Dipika Kalita
Associate Professor, Department of Zoology
PI/Coordinator, Institutional Biotech Hub
Bhattadev University, Bajali, Assam-781325
