About the seminar:

The seminar on "Entrepreneurship-Opportunities and Challenges in North East India" aims to explore the unique landscape of entrepreneurial endeavors in this region. North-East India, with its diverse cultural heritage and abundant natural resources, offers a plethora of opportunities for aspiring entrepreneurs. However, navigating through the challenges, such as inadequate infrastructure, limited access to finance and socio-political complexities, poses significant hurdles.

This seminar seeks to delve into the specific opportunities available across various sectors, including agriculture, tourism, handloom and technology, while addressing the challenges hindering entrepreneurial growth. Through interactive discussions and case studies, participants will gain insights into potential strategies to overcome these obstacles and foster a conducive environment for entrepreneurial development in North-East India. By bringing together entrepreneurs, policymakers, investors and other stakeholders, the seminar aims to catalyze collaboration and innovation, ultimately driving sustainable economic growth and empowerment in the region.
